Course Description

This course is designed to explore the role of the police in American society. Attention is given to the origins of policing, the nature of police organizations and police work, and patterns of relations between the police and the public. The values of a democratic society as they affect the law enforcement role are discussed.

Academic Integrity

Don't cheat. Students should familiarize themselves with the University of Nebraska at Omaha's Statement of Student Rights and Responsibilities and the [policy on academic integrity](#). Any form of academic dishonesty is unacceptable. Instances of academic dishonesty will, at a minimum, result in a failing grade for that assignment, and a record of academic dishonesty will be placed in the student's academic file that is maintained by the School of Criminology and Criminal Justice. Instances of academic dishonesty may also be subject to disciplinary action by the University.

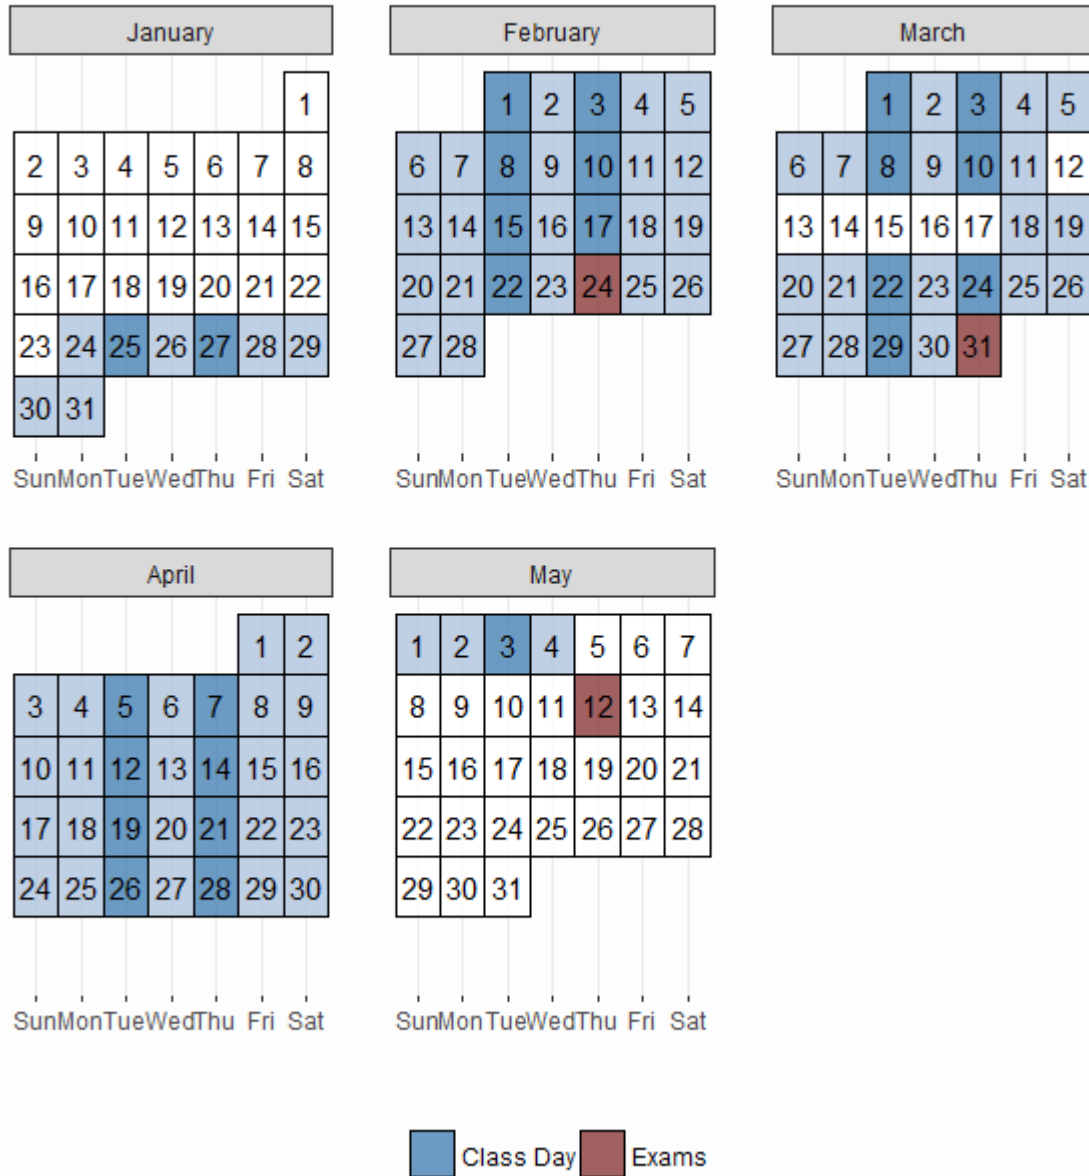

Students with Accessibility Issues

Reasonable accommodations are provided for students who are registered with the Accessibility Services Center and make their requests sufficiently in advance. For more information, contact the Accessibility Services Center (MBSC 126, Phone 554-2872, TTY 554-3799, or visit their [website](#)).
